EDUCATION

Vellore Institute of Technology   Bhopal, Madhya Pradesh

Bachelor of Technology in Computer Science and Engineering with CGPA - 8.44   *September 2023 – Onwards*

TECHNICAL SKILLS

Programming: Java, SQL, C++, Python.
Databases & Cloud: Django, MySQL, AWS.
Tools & Platforms: Git, IntelliJ, VS Code.

PROJECTS

Vehicle Management System | *HTML, CSS, Python, Django.*

- Developed a web-based Vehicle Management System using Django (Python) for the backend, integrated with HTML and CSS for a responsive frontend. Implemented functionalities for vehicle tracking, maintenance scheduling, and driver management.
- Key features include user authentication, maintenance scheduling with reminders, fuel log management, driver assignment, and basic reporting.
- Provided comprehensive functionalities such as CRUD (Create, Read, Update, Delete) operations for vehicles and drivers, maintenance scheduling with status tracking, and basic fleet reporting.

EXTRA-CURRICULAR AND ACHIEVEMENT

- **Problem Solving**: Solved more than 30 questions on the coding platform.

CERTIFICATIONS

- **Cloud Computing** (Elite) | NPTEL | IIT Kharagpur | May 2025
- **Deloitte Cyber Security Job Simulation** | Deloitte | July 2025
- **Google GenAI Certification** | Google | July 2025 – September 2025
- **Applied Machine Learning in Python** | University of Michigan | Coursera | December 2025
